

# INTERVENTIONS AT PARKGATE PRIMARY SCHOOL

## 2023-2024

Base line and exit assessment.

Most interventions start with a quantitative baseline. The impact of the intervention is then re-assessed with an exit assessment.

Year 6	
Year 6	

Phonics Intervention  
 This is a school-based run intervention programme using Read Write Inc Programme (RWI)

Spelling support  
 All KS2 children have a spelling programme. From this, bespoke spellings are given to individual.

Reading Support  
 Each child is benchmarked for reading from Year 2 to year 6. This is to ensure that the reading level the child is currently on is matched to their comprehension, understanding and fluency skill. Year 1 and Reception use RWI reading levels.

Maths Support  
 Regular assessment each term is used to identify gaps in the units being taught. Thus, support is put into place to close the gaps. In addition, intervention to support maths 'at greater depth' is provided. Regular 'models and images' support for concepts such as times tables are offered.

Inference  
 A programme delivered by trained staff to support inference and deduction.

Handwriting & Fine motor skills  
 In Reception and year 1 activities aid and support fine motor skills. From year 1 up to year 6, handwriting support is used to practise letter formation and cursive writing

Parkgate Literacy Programme  
 A multisensory structured intervention delivered by a specialist reading teacher provides opportunities for regular revision and over-learning.

Reading Comprehension  
 The school uses materials and schemes, to practise comprehension skills.

Communication & Language  
 A speech and language programme, devised by SALT team for delivery in school.

Editing  
 A school-based intervention to support redrafting using skills of SPAG.

Impact

To improve outcomes for SEND pupils in order to close the gap for them in all areas of the curriculum
