

Science Overview

	Autumn		Spring		Summer	
EYFS	All about me	Natural World	Animals in cold countries	Animals in hot countries	Growing	Life Cycles
Year 1	Materials Exploring everyday materials	Investigating Materials Performing simple tests	Senses asking simple questions	Plants Identifying plants and their structure	Animals including humans identifying and classifying	Plants and animals in our local area Making simple observations
	Seasons Observe changes across the four seasons					
Year 2	Materials Everyday materials	Materials Investigations Uses of everyday materials	Lifecycles Animals including humans	Habitats Living Things	Plants	Food Chains Animals including humans
Year 3	Rocks	Light	Forces	Plants	Nutrition (Animals including Humans)	Muscles and bones (Animals including Humans)
Year 4	Electricity	Grouping and Classifying living things. (Living things and their habitats)	Solids, Liquids and Gases States of Matter	Teeth (Animals including Humans)	Sounds	Habitats (Living things and their Habitats)

Year 5	Forces	Earth and Space	Properties and Changes to Materials Theory	Properties and Changes in Materials Practical	Living Things and their Habitats	Animals including Humans
Year 6	Living things and their habitats	Lights	Evolution and Inheritance	Animals and Humans		Electricity
